

Haliburton Winter Carnival will start off with a bang

The Haliburton Winter Carnival coming up next weekend will start off with a bang on Friday night when some noisy fireworks will be set off and a torchlight parade will usher in the 1975 winter carnival. The parade led by several snowmobiles and torches will be something to see as it leaves the High School at 9 p.m. following along on the road next to Head Lake and then winding its way up Haliburton's main street to the arena for an exciting broom-ball game between radio station CKLY in Lindsay and the Haliburton Fire Department scheduled to start at 9:30 p.m. Following the broom ball game the

official opening of the carnival will take place on the arena ice surface when the Honorable Claude Bennett, minister of industry and tourism will present the 1975 Carnival Queen and open the carnival. A dance will follow in the Arena auditorium. The Ice Sculptures contest will be judged at 3 p.m. on the same day.

Make it a point now to be in Haliburton on Friday and take in all the excitement of opening night.

On Saturday festivities will start at 8 a.m. with the popular Campers Breakfast at the Legion Hall followed by timed drag Races sponsored by the Lake Kashagawig-

amog Tourist Association and the annual Alcide Carpentier minor hockey tournament will be getting underway. Luncheon will be at St. George's Anglican Church from noon to 1:30 p.m. followed by a giant parade at 2 p.m. Friendship bar opening at noon and the Carnival feast and all at the Legion Hall at 6:30 p.m. followed by a gigantic fireworks display at 8:30 p.m. For all you hockey fans the Haliburton Travelways Huskies will be in action against Lakefield at the arena starting at 8 p.m.

An outstanding program has been lined up for Sunday with church services, winter

attire, snowmobile safari, and many activities on Head Lake starting at 1 p.m. with the Canadian Parabolic Skydiving team, Kite Flying sponsored by the British West Indies Airways, daredevil demonstration with snowmobiles going over open water, old fashioned sleigh rides for the kids and an Art Display by the Haliburton School of Fine Arts. And don't forget the Sunday noon luncheon at the Haliburton United Church.

The above are just a few of the highlights awaiting you for a fun filled weekend at the Haliburton Winter Carnival Friday - Saturday and Sunday February 21-22-23.

Claude Bennett to visit Haliburton Highlands

The Honourable Claude Bennett, Minister of Industry and Tourism for the Province of Ontario, will be paying a visit to the Haliburton Highlands on February 21 and 22.

He heads one of the most active Ministries in the Government, with programs designed to expand Industry, promote trade and develop Tourism, which in essence affects every resident of Haliburton County.

Aged 38, and a bachelor, Mr Bennett is an enthusiastic sportsman, actively involved in the promotion of hockey and football. He is also a keen exponent of physical fitness and an ardent swimmer.

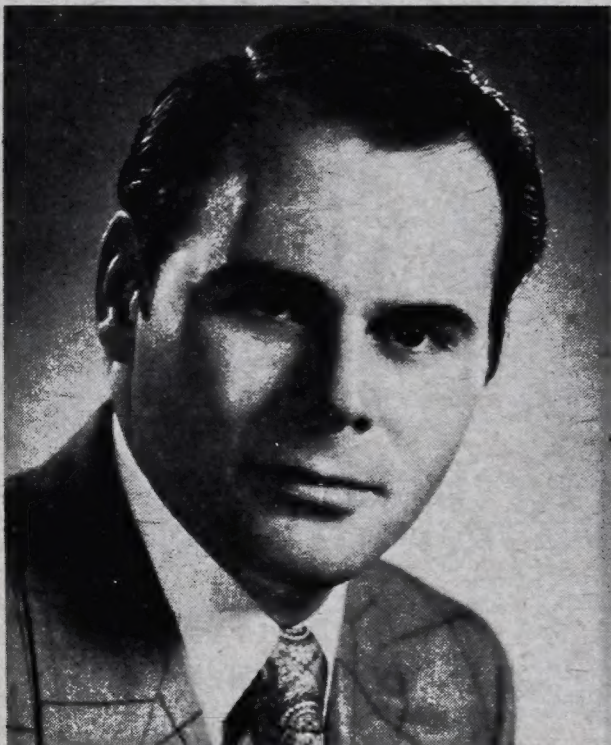

The Haliburton Highlands Chamber of Commerce has arranged a busy schedule for the Ministers visit, starting with an invitation dinner at Wig a Mog Inn on Friday. Mr Bennett will be the guest speaker and his topic will be "The future of Industry and Tourism in Ontario and how it could affect Haliburton County".

Later that evening, he will crown the Carnival Queen at the High School, and proceed to the Haliburton Arena to present the Queen, and officially open the Rotary Winter Carnival. On Saturday morning Mr Bennett will partake of a trappers breakfast at the Legion Hall, before leaving on a tour of the Wilberforce Veneer plant, and Martins Lumber Mill. From there he will go to Sir Sams Inn to view the Ski facilities and for luncheon; then return to Haliburton to be one of the judges of the Carnival Parade.

We trust our residents will greet our visiting Cabinet Minister on his Highlands tour; and further trust that his visit will result in mutual benefits for our County and the Province of Ontario.

Mr Bennetts visit could well be the catalyst necessary, to help to make the Haliburton Highlands,

On Friday, January 31 the students of the Haliburton Highlands Secondary School selected the above pictured four girls as finalists for the Beauty Queen Contest to be held on the night of February 22. The Contest will be held in the secondary school at the

Carnival Dance. These students are the only contestants for the final contest because no applications were received from girls who do not attend the school. Left to Right - Susan Walling, Sylvia McCracken, Lori Northey, Lila Thurston. Photo by Dal Hubbert.

Near Bancroft

Uranium mine to be reopened

The government has approved plans by a United States company to reopen an idle uranium mine near Bancroft, Ont., Energy Minister Donald Macdonald said yesterday.

He told the Commons he expects operations to resume soon at the mine, which it is understood will supply uranium for a multi-million-dollar private sale to Italy.

Macdonald said the company, Federal Resources Corp. of Salt Lake City, Utah, and its subsidiary,

Canadian Consolidated Faraday of Toronto, have met government foreign ownership restrictions.

Technical approval was still required from the

Man injured in snowmobile accident

Provincial Police at Minden report a snowmobile accident which occurred early Wednesday evening February 5 causing injury to the operator.

Kenneth Bannon, age 25,

Atomic Energy Control Board, he said.

Formation of a new company is expected to take place to fulfil foreign ownership requirements. It

of RR 2, Minden, is reported to have sustained fractures in the accident when his snowmobile struck a frozen ridge of slush on Boskung Lake about 5:30 p.m. Wednesday.

is understood that the U.S. corporation has negotiated a six-year contract with Italy for the supply of about 1 million pounds of uranium annually.

Bannon was taken to Minden Red Cross Hospital for treatment while investigation by Provincial Constable Barry Connelly reports minor damage of \$50 to the snow machine.

haliburton News Letter

Hunter's Horn Inn Ltd. (formerly Holiday Inn) on Lake Kashagawigamog is now open year round with newly winterized accommodation and attractive dining facilities. It will be catering to individuals, winter groups, banquets and conventions. It has a licenced dining lounge and will be featuring Saturday night buffets.

Rex Boice is at present vacationing in Phoenix, Arizona and while there became ill and was in bed for several weeks. We are glad to report that he is up and around again and back to playing 18 holes of golf.

When it comes to holding a Carnival Queen Contest you have to take your hats off to the Minden Winter Carnival Committee which this year had a grand total of 64 contestants entered in the contest.

There is a big Valentine Ball coming up this Saturday night February 15 at the Auditorium of the Royal Canadian Legion in Haliburton with music for all ages being supplied by Summer Fantasy. Admission is \$3.00 per couple. Dress formal. Refreshments will be available.

The Minden Monarchs hockey club got off to a very poor start but is finishing the schedule in high gear. The Monarchs are really starting to win games and the upset victory over Elmvalle over the carnival weekend was something else.

For the life of your heart - and the hearts in your life send a generous contribution to your local Heart Fund. Each advance in heart research increases your chances for a longer productive life. Keep your heart in mind when you give to your Heart Fund, 310 Davenport Road, Toronto M5R 3K2, Ontario, or your local Heart Fund Chapter. The provincial objective for 1975 is \$3,600,000.

There's a real good movie coming to the Molou and Beaver Theatres this weekend. It's playing Friday and Saturday February 14 and 15. It's the life and times of Grizzly Adams. It's the true story of a man exiled in the wilderness and how he learns to survive. Two showings nightly at 7:15 and 9:15 p.m.

Our personal thanks go out to all of those who participated in Snowarama held recently and made it such a great success. It was a case of enjoying the 100-mile ride and helping to raise money for a worthwhile cause.

An extension cord was not designed to take the place of permanent wiring. It is a handy device for getting power to an area of your home where there is no outlet, but should only be used on a temporary basis.

Gary Agnew, popular reeve of the Township of Monmouth is still in a Toronto hospital. His many friends in the area wish him a speedy recovery.

May we remind you that the Annual Haliburton Winter Carnival dates have been set for Friday, Saturday and Sunday, February 21-22-23. Make it a point now to plan for this big weekend.

Intersections, curves and hills are particularly dangerous during the winter. The polishing action of tires spinning and sliding on snow and ice increases the slipperiness of already hazardous surfaces.

Along the Trails By Roy Bates

Having rested up after Snowarama, and the weather continuing excellent for snowmobiling, members of the Haliburton County Snowmobile Association are out developing the overland trails of Snowplan '75.

Eight workmen have been employed to cut and groom trails in this project. Their efforts are being concentrated, at the present time, on the through route which will, when completed, connect Minden with Cardiff and points between. Several sections of it are now finished. For example, Minden to the South Lake area, and Donald to Paradise Lake. Other sectors in the Harcourt region are also ready for riders. We anticipate the work will be stepped up considerably now that the first instalment of the Provincial grant has been received. The HCSA trails committee members are hard pressed to keep ahead of the cutters with the task of searching and marking the new or re-routed sections.

With new snowmobile legislation now in force, it should be noted here that it is now necessary to have written permission to ride on private property. Where the Association establishes a trail, marks and grooms it, you can be assured that it is safe for you to ride. Permission given to the club will include all its members and the general public. Trails not receiving the attention of the HCSA may still be in question. We are attempting to research ownership and to obtain permission for all trails in the County - but it takes time. DO NOT assume that every snowmobile track is an open trail.

Snowmobiles may not be driven on any Provincial highway, except to cross. This applies to the serviced portion, from ditch to ditch. So far as we know, the Municipalities in our area have not yet closed any side roads. However, a speed limit is now in effect. Maximum speed on any road is thirty miles per hour, in built up areas, fifteen. If your machine is not equipped with a speedometer you will just have to estimate it. Also remember that approved helmets are now compulsory on all roads or public trails.

One great success and one dismal failure in the same week. People are still commenting on the way the entire community got behind Whipper Watson's Snowarama for Timmy. If that effort didn't enhance the image of the snowmobiler, nothing will! By comparison with results of the ride in other areas, Haliburton County made an excellent showing. Well ahead of Port Carling and Timmins efforts, anyway. But the dance Friday night was the Association's first failure. We don't blame anyone. It was simply a poor choice of timing. Present plans call for the next dance to be held in Minden during the school break. We can work toward making it come off better. Watch for announcements in early March.

We note a slacking off of sales of 50/50 tickets. Let's get them moving again. The more you sell - or the more you buy - the better the prize will be. This is to be drawn at the March dance. And speaking of draws, Mrs Brenda Gow of Haliburton went home from last weeks dance with a new snowmobile suit. Congratulations Brenda.

Art Ward shown above representing the Rotary Club of Haliburton County Snowmobile Association will be appearing on CKVR - TV Barrie this Thursday February 13 from 12:30 to 1 p.m. to promote the upcoming Haliburton Winter Carnival. Be sure to tune in.

Roy Bates talks about snowmobiling to Rotary

Roy Bates, energetic member of the Haliburton County Snowmobile Association proved to be a very interesting speaker at the Haliburton Rotary Club meeting held in Haliburton last Thursday night.

In his talk Roy gave the members a rundown on the recent Snowarama and stated that he was well pleased with the results. In his opinion more publicity could have been given out prior to the big event.

Speaking on the subject of the \$17,000.00 grant the association will be receiving from the provincial government he made it quite clear that this money had to be used for dry land trails only.

Four groomers are now in

operation on the trails in Haliburton County and its really a pleasure to drive over these smooth trails after the groomer has done its job.

Mr Bates told of the new trails being cleared out with one from Minden to Gelert, then to Donald and then up to Paradise Lake, then to the Kennaway road, on to Harcourt and Cardiff and into the eastern counties.

Another trail will be in the Halls Lake area to service Beech Lake.

Quite a lengthy discussion arose re the new snowmobile regulations and the speaker gave his interpretation of the new laws while the members threw out some questions.

haliburton Highlights

The New Rotary Club of Haliburton booklet on Haliburton village is in the hands of the printers and thanks to Ron Curry who has worked very hard it should be an outstanding book.

Patients in the Red Cross Hospital in Haliburton this week are as follows, Mrs Della Roberts, Mr Garnet Kellett and baby Corey Reynolds all of Haliburton, Mrs Olive Armstrong and Mr Wrighty Deacon both of West Guilford, Mrs Pearl Cowl, Wilberforce, Mr John Sibley, Essonville, Mrs Annie Whatley, Kinmount, Mrs Marjorie Cowen, R.R. 1, Minden and Mrs Rachel Dovell, Gooderham.

A large number of hockey fans accompanied the Haliburton Bantams to a hockey tournament in Le Sarre, Quebec this past weekend. The Bantams facing strong opposition had one win and two losses.

The Rotary Club of Haliburton have elected their new board of directors. They are as follows. Dave Gray, Don Lloyd, John Rouble, Marvin Varty and Art Ward.

Sir Sandford Fleming holding second invitational art show

The second annual invitational art exhibit sponsored by the Sir Sandford Fleming College committee for the arts will be held at the College's Brealey Drive campus in Peterborough from February 2 to 28.

Mr Teng said the College committee would have a maximum of \$1,000 available for the purchase of works as selected by juror Joan Murray, who is director of the Robert McLaughlin Gallery in Oshawa. All other pieces would be for sale to the public.

He noted the College was involved in such exhibits to assist regional artists and increase public awareness of the caliber of these artists

working in east-central Ontario.

The majority are from the immediate Peterborough area, including Andrew Aarons, David Bierk, Mirdza Brandt, Una Bullock, Fred Craig, May Daniel, Barry Gillespie, Betty Hamer, Helga Kinzl, Eric Loder, Egon Morell, Jean Nind, Erik Palbom, Jaan Teng, Lucyna Teng, Ruth Thompson, Bette Turner, Dorothy Wakeford, and Betty Weir.

Regional artists include Jane Baum Bonnel, of Lakefield; Marni Bradshaw, Ennismore; Denis Cliff, Havelock; and Greg Dow and Alana Kapell, both of Kingston.

Mr Teng said the show is free of charge to the public.

One of the biggest attractions of the Haliburton Winter Carnival to be held on February 21-22-23 will be the Carnival parade which will be held on the Saturday afternoon.

The above photo was taken from last years Carnival parade and shows some people dressed up as Toquepics advertising the Art Show. Photo by Dal Hubbert.

In Lindsay court

Men plead guilty to breakins

Two young men were remanded out of custody for sentence pending receipt of a pre-sentence report following conviction by their own admission of 22 charges involving property breakins.

Lindsay Provincial Court heard evidence from two

provincial police constables concerning the activities of Bruce Loader, 19, and Bradley James Stoneman, 17, both of Toronto. Constable Welch of the Coboconk detachment gave court a resume of 12 occurrences in Laxton Township last month involving

theft of \$1,729 worth of goods, approximately \$1,600 worth of which had been recovered. He also related involvement by the two young men in incidents in the Bracebridge area. Damage arising from the Laxton breakins was estimated at \$136.

Constable Beatty from Minden detachment recounted

10 incidents in Harcourt Park, Dudley Township, in which nine cottages were involved and the theft of a snowmobile. He told the court Stoneman gave him information leading to its recovery.

Both officers testified that the accused had co-operated fully during their investigation.

Minden OPP

Four breakins reported

During the period of 8:00 a.m. February 3 to February 10 there were five motor vehicle collisions, 61 general occurrences, four cottage break and enters reported, four Liquor control Act charges, nine motorized snow vehicle charges and one impaired driving charge in the Minden Detachment area.

Damage was estimated at \$600.00 to a vehicle driven by Dianne E. Burroughs, 23, of Highland Grove when it was eastbound on Highway 121 east of the Drag Lake Lodge Road rounding a curve when the vehicle struck an ice patch causing the driver to lose control and struck a number of guide posts. The accident which was investigated by Constable W.G. Popp of the Minden Detachment of the Ontario Provincial Police took place at 10:10 p.m. on February 3.

Bruce Howard Bowman, 23, of Kinmount has been charged with failing to remain at the scene of an accident and with driving an

unsafe vehicle. Mr Bowman was westbound and failed to negotiate a curve when the vehicle he was driving struck a vehicle which was parked unattended owned by Rodger C. Hymus of 121 Clansman Blvd, Willowdale on the south side of the Bat Lake Road (Minden Twp.) on Saturday February 8 at 1:00 a.m. Damage to the Hymus vehicle was estimated at \$500.00 and the Bowman vehicle \$300.00.

Damage was estimated at \$1,000.00 in a head on collision which took place in the Haliburton area on Saturday, February 8 at 12:30 p.m. A vehicle driven by Charles A. O'Neil, age 36 of Highland Street, Haliburton was northbound on Dysart Township Road and had just came over the crest of a hill when it was struck head on by a vehicle travelling south driven by Arthur A. Ward, 37, of R.R. 2, Haliburton. Mr Ward has been charged with driving off centre. Damage was estimated at \$600.00 to the O'Neil vehicle and \$400.00 to the Ward vehicle.

The Reeve's Corner

By Reg Booth

When the writer resigned from the Haliburton County High School Board in 1950, in order to run for a seat on the Minden Council, it was necessary to submit this resignation to the County Clerk. The County Clerk at that time was the late Mr. E.A. Rogers. Mr Rogers was a man admired by most people, and certainly by the writer.

When the resignation was presented, Mr Rogers said to the writer. "Many elections today have become only popularity contests. People tend to vote for the people that they like, NOT for the ones who will take a stand and try to do the best for everyone. I hope that you will always stand up for what is right and not for the few who will want favour at the expense of someone else." I have never forgotten the advise.

The above is true many times now. Far too many of our elected officials today have very little courage. We see from the Federal House down, the need for courage, the need for discipline, the need for those in authority to stand up and be counted. Surely the world can only be saved from decay if we have leaders who will at least enforce the laws that they make themselves. Look and think before your next vote.

Letters to the Editor

Dear Sir:

After reading the letter that was printed in last weeks newspaper which I will title "Starvation Wages". I feel someone should state the obvious that was left out. First of all these wages are good wages for such people who have no qualifications for any job. These wages are paid to those who need approx. 50 per cent of their time under supervision, and again these wages are being paid to those who spend the other 50 per cent of their time picking the flowers off their hip pockets.

As far as comparing wages with those of the city these same "Joe Boys" are not going to move to the city and make \$5.00 per hour, unless, they have a lot more interest in what they're doing and work a lot harder than they do up here.

Another point that was mentioned and compared was rent. Sure you pay on a average \$120 per month, but, with that you have a house to live in, not an area so called an apartment, you have a backyard, a front yard, a private driveway and a view of wide open spaces, not a cement wall. Oh yes, something that is widely overlooked along with all those other extras you get a little added luxury "Clean Air".

To raise another point it was stated that our county has no entertainment. Well if this is the case all I can say is with your starvation wages, high rent, super priced foods and living in an area for old aged people you should be glad because first of all you couldn't afford it if it were here, and secondly living in this area you must be too old to enjoy it.

As to the point of liking to see businesses books I think that is a bit much, but if it would ease your mind then may I suggest you take a course in auditing but then you wouldn't be suffering from the disease of "Starvation Wages".

Please note this letter most certainly does not apply to all those earning this wage.

Yours truly
Gary Holland
Minden, Ontario

Dear Editor,

An item by a man, published in your paper recently bothers me. This man complains about the low wages, the businesses, tourism,

rents and everything else, except himself.

What possible motive did this man have to settle in a northern town? - To learn a high paying skilled trade, to work in a non-existing industry, or does he want to live in beautiful surroundings and await a financial miracle?

This mans seems to demand a healthy wage yet he frowns on anyone who might make a profit on him. I wish the businessmen in his northern town would show their books to these jokers, but they might be ashamed to disclose thousands of dollars in business debts, expose a high risk venture, reveal a 24 hour operation full of headaches and worry, and be found that they might average less than \$2.50 per hour.

Why doesn't this man start a business of his own and employ help for \$5.00 or \$6.00 per hour as he says, or why doesn't this man organize representation for government action. Nope - these guys are better at complaining and crying.

Our Democratic System, whether you like it or not, means the PEOPLE must improve, control and protect. This does not happen in your town because the majority are ignorant of all facts and are unconcerned. A small amount of businessmen control you and the area because they attend all functions, are active in all affairs, run for elections, vote, voice their opinions and in this way, this small minority becomes the power of influence in your area, and you, who are so proud that you do not participate and organize, become the loser in every respect.

So you want to live in the big city! Well young man, you'll still make \$2.50 to \$3.00 per hour unless you have a skill, profession or luck. You'll pay over \$350.00 per month for an average home, over \$300.00 for an average apartment and over \$800.00 and possibly \$1,000.00 per month for an average purchase of a home - you might be lucky to find something cheaper, but brother, you're just asking for trouble. Your city employment will demand \$20.00 to \$40.00 monthly for parking and nerve wrecking loss of time getting there and back. Friendship is expensive and the temptation to borrow becomes overpowering. Entertainment is not free - you'll pay dearly for it. The senseless, fast and irresponsible life

style of children and teens will turn yours into monsters. Illogical trends and selfish living can murder your marriage and force your outlook into bankruptcy.

You can go on Welfare and obtain other financial handouts in the big city but all your assets must not exceed \$1,200.00 - this means they'll take away your T.V., Car, Property, etc., if they exceed the limit. The people in northern areas don't have asset limitations for some damn reason. Hell, you can own a 400-acre homestead, cars, T.V.'s and extra property and still collect the lazy mans benefits.

So you want industry in your Northern Town to increase employment and elevate the complete economic level? Well mister, it's easier said than done, primarily because your many local natives do not want industry - it will destroy their dreams of a continuous hereditary image of an "Old Town" and nothing else!

Well, let me just tell you this: I too served in the RCAF. I also served in the Army (PPCLI) during the last war but I do not use this as an excuse for a reward. I'm in my 50's. I have a business in Mississauga and seven years ago, began planning to establish a manufacturing plant just outside of Haliburton by 1979 with a potential of employing 30 to 200 on a five year forecast at TOP WAGES and I'm working on a program to persuade other businesses to relocate up there. No snotty-nosed green-gilled young delinquent or unexperienced selfish adult is going to stop me. No political party, business groups, or any pressure will discourage me. I know there are some in your northern town who do not want industry - they don't frighten me a darn bit. As a matter of fact, these few ignorant people will NOT produce any logical solution to any future welfare of your community anyways.

So you see young man, stay where you are, fight for what you want - try to listen and study facts - do something about it and to your surprise others will follow and help. Someone in Provincial, Federal, business or private circles will recognize your solution and act if you are right.

Bob Choma
Mississauga

Editorials

County showing age

We the citizens of Haliburton County for the past number of years have sat back with the idea that our county without a doubt is the best and most progressive in Ontario. We would really like to think that this statement is true, but we don't think so.

It seems to be the opinion of many people from all parts of the county that we are dragging behind other districts and some very close to us. In other words we just don't seem to be getting our share of the good things in life.

If we are going to continue to sit back and continue to be satisfied with what we have then we are not going to get very far. Some will say that we have little or no hope of getting small industry here, well they have it in Muskoka so why not here. There is no need of kidding ourselves we must have year round business and employment here. Why do people have to leave this county to seek employment elsewhere. There is something wrong.

It's time that the County Council, municipal councils and the Chamber of Commerce started to get things going here and start pressing for more activity and action.

Haliburton County is now 100 years old and possibly it is starting to show its age.

Parade the main event of any carnival

There is nothing that has the drawing power to an event that a parade has. No matter what the attraction may be it still takes a parade to get the people coming out by the hundreds.

With the Haliburton Winter Carnival coming up on February 21-22-23 the parade still has to be the number one attraction no matter what else is on the bill. We don't want to forget that the parade is still the thing. It's number one in the summer carnival and it's still number one in the winter carnival.

With this in mind we must now turn our thoughts to the Haliburton Winter Carnival parade which will be taking place on Saturday, February 22. The Carnival is just about two weeks away and it's not too early to start to think about that float that you intend to enter. It's a good idea to start to work on it now so you won't have that last minute rush to contend with.

Minden had a bang up parade for its winter carnival but it seems to us that Haliburton has been falling behind with its parade and this is not the fault of the carnival committee. The fault lies with each and everyone of us who won't take the time to get a float in the parade.

Thousands of people are now making plans to be in Haliburton for this annual event and they will be looking forward to attending most of the attractions that will be presented on this particular weekend, but the one main feature that will be attracting most of them will be the parade.

It's now up to not only the business people,

but others in the community to get an entry into this parade.

This is your Winter Carnival and only by the co-operation of each and everyone of us can it be a real success.

Snowmobiling on Crown Lands

A number of cross-country trails have been established on Crown lands by the Ministry of Natural Resources to accommodate snowmobilers who prefer this kind of prepared and marked trail development.

These trails, located in areas of relatively heavy snow cover, are established to supplement the trails developed in provincial parks and the many other trails marked by snowmobile clubs, winter resorts and private landowners.

There is no charge for the use of these trails which include parking areas, and rest stops at convenient intervals provided with fireplaces, tables, toilets and garbage containers. Many of the trails are marked with reflective signs to permit safe night travel. Please sign the trail registers at the parking areas. A supply of trail guide maps is placed at these locations.

Sherbourne Trail - 25 miles
Travel along old forest roads through the rugged country of the Haliburton Highlands. This circle route begins at a parking lot on Highway 35 at Wren Lake, six miles south of Dorset. Further informa-

tion is available from the Leslie M. Frost Natural Resources Centre, Dorset P0A 1E0, (705) 766-2451.

Tall Pines [Livingston] Trail - 25 miles.

Begin at Dorset and travel eastward along a circle route. The trail touches a number of lakes and passes through a mature hardwood forest. Here is an opportunity to view large virgin white pine which were bypassed by the loggers half a century ago.

Corporal promoted

Corporal J.W. Dunn, Minden Detachment has been promoted to sergeant and has transferred to Geraldton Detachment.

Corporal Jack Edwards, 36, of Orillia, has transferred to Minden Detachment from Brechin Detachment. Corporal Edwards is married and has two children.

Boyd Jarvis, 24, of Pickering, Ontario joined the O.P.P. on January 13, 1975 and has been posted to Minden Detachment.

Report from Parliament

By Bill Scott, MP

Last Sunday night I was shocked and appalled by the language used by performers on a C.B.C. television show, and by some of the situations that I felt were too explicitly portrayed.

That program, PERFORMANCE, was telecast during prime viewing time, when it could be expected that entire families would be watching, including small children. I felt then, and I feel now, that the language and other situations on the show were both offensive and degrading.

The following day I asked a question in the House of the Secretary of State, Hugh Faulkner, the Minister responsible for the C.B.C. I asked the Minister if he would look into the matter, and have future shows cancelled if they were of no higher quality and no less insulting than the shows in the PERFORMANCE series.

The Minister said that he would make my representation known to the corporation - the C.B.C. Well, that isn't good enough! The C.B.C. is a public corporation, and I simply will not stand for this type of programming, especially during the family viewing hours. This type of programming doesn't belong on television at all. If people want to view such programs I don't have any objections at all. I am not the guardian of public morality or public tastes. But, I will insist that such shows be shown in theatres, where the viewing can be limited to mature, adult audiences.

Last Wednesday Bob Blackburn, a columnist for the Toronto Sun, devoted his whole column to the objections that I had made in the House about the C.B.C. programme. Blackburn disputed my right to object to nudity and foul language on the network, but, later in his column he admitted that I did have a right to criticize the C.B.C.

He said "Scott is right in criticizing the C.B.C. The C.B.C. is responsible to Parliament, of which he is a Member. C.B.C. is the creature of Parliament, and honourable members have the right nay, the duty, to ask questions about what the C.B.C. is doing."

It is in exactly that capacity that I am acting. If the Minister responsible for the C.B.C. does not take the initiative in seeing that C.B.C. programming is kept within the bounds of decency and propriety, then I will take the initiative myself.

I have requested that the C.B.C. provide me with transcripts of the four programs already telecast in the PERFORMANCE series. I will then extract specific examples of dialogue from the transcripts and make further representations to the Minister, and to Parliament. All of those people who have written and spoken to me about this matter can rest assured that I will press the issue until a satisfactory response is forthcoming from the Minister, and until C.B.C. is ordered to edit offensive dialogue and physical acts from future programs.

A C.B.C. official was quoted in the Toronto Star on February 4 as saying that PERFORMANCE was "a serious effort to bring outstanding Canadian drama to the people of Canada."

My answer to that is, if that is the best that we as Canadians can produce in the way of drama, then perhaps it is time that we did a bit of soul-searching. Surely we have writers and dramatists who can produce something more than the trash that was displayed in the program last Sunday, or on the other programs in the series.

While I am neither a prude nor a drama critic, I do believe that there is more to drama than the portrayal of the baser aspects of sex, and I insist that public television, in prime family viewing hours, is not the time or place to exhibit that type of drama.

Murray Fearrey, reeve of the municipality of Dysart et al was a recent speaker at the Rotary Club of Haliburton meeting. Murray proved to be a very interesting speaker and outlined to the members some of the municipalities programmes for 1975. Among the projects lined up for the year 1975 are the second phase of the sanitary sewer project, a new modern bridge to replace the old iron bridge in Haliburton, 60-bed extendicare hospital and many other items that are under consideration. The Rotary club are hoping to have the reeve back in a few months for a longer session.

Pictured above is the Canadian Parabolic Skydiving team from Thornhill who will be performing at the Haliburton Winter Carnival on Sunday, February 23. They will be doing their act at approximately 1:00 p.m. over Head

Lake at Haliburton. This will be just one of the outstanding features on the Sunday programme which will be featured at the Rotary Beach on Head Lake. Don't miss it. Photo by Dal Hubbert.

Monarchs tie for last playoff spot

In Intermediate C hockey action at the Minden arena last week, the hometown Monarchs came up with two big wins, an 8-6 squeaker over Schomberg and a 6-5 edging of the Elmvale Merchants.

These two victories lifted Minden into a temporary tie for the last playoff spot.

However, unconfirmed reports have Schomberg winners over Bracebridge, Friday night, which would still leave the Monarchs two points off the pace.

Schomberg was defeated by Elmvale 15-5 Sunday night and will play Fenelon Falls & Bradford to finish off its schedule.

The Monarchs, meanwhile have two games left against Penetang and Fenelon Falls and victories in both games are a must. If Schomberg wins both of their games, Minden is mathematically

finished. Should Schomberg split their games and Minden win both, then the Monarchs would be tied for the last playoff spot.

MINDEN 8 SCHOMBERG 6

1st Period

1. Minden - Campbell from McElwain 1:48.
2. Minden - Sawyer from McElwain & Nicholls 6:10
3. Schomberg - Duggan from Ayres & MacBain 15:05

Penalties: Minden - 1 minor; Elmvale - 1 minor.

Wilberforce hockey action

Our hockey games this week were as follows:

February 4 Midgets against Haliburton in Wilberforce with a score of 5-4 for Haliburton.

February 5 Midgets against Haliburton in Haliburton with a score of 7-4 for Wilberforce.

The Stars on the Midget team this week were: Larry Watson Eric Barnes and Tom Coghlan.

February 8 Bantams at Haliburton against Haliburton with a score of 5-1 for Wilberforce.

The Bantam stars this week were: Bob Manary, Bill Tallman and Greg Taylor.

February 7 - Pee Wees against Haliburton in Wilberforce with a score of 6-4 for Wilberforce.

The Pee Wee stars this week were: Lyle Donaldson, Steve Elliott and Dana Pacey.

A correction should be made on the game of February 2, the score in the paper read 3-1 for Minden. This should have read 3-1 for Wilberforce. (Sorry Boys!)

No games for the Atoms this week.

February 8 Novice in Wilberforce against Haliburton with a score of 6-2 for Haliburton. The Novice

stars this week were Michael Alden, Steve Hunter and Craig Meharrrie.

Not too many fans attending the Midget games. These boys play real good hockey and I am sure anyone would enjoy watching a game.

Congratulations to all our coaches on the great job they are doing this winter.

Huskies attendance down

The attendance at the Huskies junior hockey games in Haliburton this winter has been anything but good. In other words they have been terrible.

In an effort to try and get something going the prices for all Huskies home games have been reduced to

Adults, \$1.00; students, 75c and children 50c.

In order for the junior team to continue we must have the support of the entire community.

Treat yourselves to a night out and attend a Huskies game.

Highland mixed

Bonspiel big success

Following the big "Sky-line" Mens Spiel at the Curling Club, this past weekend saw the "Highland Mixed" go over in a big way - with a high calibre of curling, and visiting rinks from Toronto, Penetang, Minden Whitby, Oshawa, Peterborough and Lindsay - as well as several from our local Club.

These big spiels are possible through the generosity and support of many local business men and citizens. - see our "ad" of thanks in this issue.

Many out-town people are attracted to our area through these big sporting events and the Haliburton Curling Club is popular because of our hospitality - the keenness of the competition - and of course the prizes to be won.

The top winner in the "A" event was skipped by Murray Kuno, with Marilyn Kuno, Scotty Larue and Emily Larue. Runner-up was a rink skipped by Walter Stetham, with Mary Pearsall, and Rick and Rhonda Elstone. Third place went to Cec. Bailey's rink with Irene and Clerk Bailey ad Gladys Fuchar.

The "B" Event was won by Geo. Goulbourn's rink from Whitby who had to go an extra end to win over Bill Johnston's rink of Anne Schell, Jane Stokes and Jack Starkey. Steve Colliver's Junior rink from the High School curled hard and well to take third spot.

The "C" Event winner was skipped by Alex Miller from Minden who played last year out of Haliburton Club. Runner-up was Ken Wilson's rink with Dorothy Wilson, Jim Scheffee and Arlene Scheffee Third spot went to Russell and Phyllis Woodcock and Glen and Dolores Blair. An innovation this year was the entry of two Junior rinks from the High School - Steve Colliver skipping one and Grant Wallace the other. These youngsters showed real keen competitive spirit and will soon be heard from in regular competition.

Trophies for the three events were donated, along with good prizes by Emmerson Lumber, I.G.A. Food Store and Boice Motors.

The next big Spiel at the local Club will be the Hiram Walker Carnival Mixed Event. This is an annual along with the Rotary Carnival - the big coveted top prize being the Hiram Walker Trophy along with engraved Silver Platters.

Local curlers are getting plenty of competition this winter both at home and abroad. Last week two rinks went to Bancroft - both coming home with prizes. Bob Collivers rink of Clark Bailey, Brian Neville and Gary Bailey were second runners-up in the first Event while Bill Johnsons rink of Tom Stinson, Bob McNaull and Jack Starkey were finalists in the third event - only losing out on the Trophy by one rock after coming through six games.

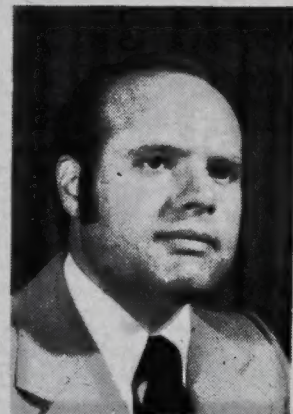

This coming weekend Bob Colliver is taking Ray Scott, Clark Bailey and Tom Stinson into the Peterboro Masters Tournament - a prestige spiel which attracts many top rinks each year.

Report from Parliament

By William C Scott, MP

The Canadian International Development Agency (CIDA) has recently come under fire in the House of Commons, and pressure is increasing from the ranks of the Official Opposition to have the operations of the agency and its chief scrutinized by one of the Standing Committees of the House.

CIDA is the agency through which Canada's foreign aid funds are channelled, and there has been increasing evidence in recent weeks that all is not well within this agency.

One of the most disturbing aspects of this agency's operations is the disclosure that its budget has grown so fast in the past five or six years that it now spends about \$800 million a year, and this figure could rise to a billion dollars per year by fiscal 1975/1976.

This is more than the annual budget of any government department except National Health and Welfare and National Defence, despite the fact that CIDA is only a small agency attached to the Department of External Affairs.

Most criticism of the agency is directed at the free hand that the CIDA chief has been given, without the approval of Parliament. Recent stories in the press picture the CIDA chief, Paul Gerin-Lajoie, as a single-minded individual who prefers to run CIDA as a one-man show, and who refuses to answer questions about how our foreign aid money is being spent.

As recently as last week Prime Minister Trudeau refused to refer the CIDA question to a House committee for study, and also refused to consider having CIDA operations subjected to regular scrutiny by the House of Commons.

This attitude on the part of the Prime Minister is unacceptable. In the first place, Parliament has a responsibility to scrutinize and approve every dollar spent by the government. And secondly, there is too

much evidence that CIDA is not spending our foreign aid money wisely or prudently. In fact, stories have been published showing that some CIDA programs have been more harmful than beneficial to the nations in which it was spent.

Mr Trudeau has stated that CIDA's budget can be examined when it comes before the House Committee on External Affairs and National Defence, but that is not good enough. This committee in the past has tended to rubber-stamp all CIDA estimates.

What is needed is an independent inquiry by a special committee, with a single mandate, to examine every aspect of our foreign aid program and to make recommendations as to how it can be made more

effective. This inquiry should extend to the personal conduct of Gerin-Lajoie as chief of CIDA.

Gerin-Lajoie has been described as a potentate with an unlimited expense account, who travels about the world with a entourage larger than that of most cabinet ministers. It has been said that Gerin-Lajoie has the final say on who gets

Canadian aid, and how much.

This is too much power for one man to have in the bureaucracy in Ottawa, and such power without the responsibility of informing Parliament of his actions is totally unacceptable. If there is anything seriously wrong with CIDA's operations, and there is enough evidence to indicate that there is, then we should start right at the top in our scrutiny of this agency.

The credibility of CIDA, and of Canada, have been placed under a cloud because of the stories published about the agency's activities, and this can only be cleared up by a full and complete inquiry.

Local Liberals call for a Convention

David Walling, President of the Victoria-Haliburton Liberal Association, announced today that the Victoria-Haliburton Liberal Association has called for a Nominating Convention. Mr. Walling stated that the Association, at its monthly meeting on January 15, discussed the prospects of a Provincial Election being held in the Province of Ontario in 1975.

The members of the Association, who were present at the meeting, were most enthusiastic to get under way with a Nominating Convention. They noted the recent Gallup poll showing the Liberal Party in Ontario with 41 per cent of the support and the Conservative with only 33 per cent support. The Association therefore moved to hold a Nominating Convention on Friday, March 7th, at 8:00 p.m. The Nomination Convention will be held at the Academy Theatre in Lindsay.

Mr Walling went on to point out that four men in the area have made known their intention to contest the nomination. Mr. Douglas Fisher, a Chartered Accountant in Lindsay, was the first person to announce his intention of seeking the nomination for the Victoria-Haliburton Liberal Association.

Mr. Fisher worked on the 1965 Federal Election Campaign of David Logan. Mr. Donald Warner, Lindsay lawyer, has also expressed an intention of seeking the nomination. Mr. Warner is a former President of the Victoria-Haliburton Liberal Association. Mr. John Eakins, former Mayor of Lindsay and former Provincial Candidate, has expressed his interest in being a candidate for the next Provincial Election. Mr. David Logan, a Lindsay lawyer and Mayor of the Town of Lindsay, has also confirmed that he will definitely be seeking the nomination.

Mr Walling noted that the Association is prepared for an election in this Riding at any time that the Provincial Government wishes to call one.

The Association has been actively preparing for this election since the summer of 1974. A Poll Committee has been working for some time in preparing the Organization of the upcoming election.

In addition, the Association has already made

Oxtongue Lake to Dorset Trail

Oxtongue Lake to Dorset Trail - 10 miles

Suitable for night travel, this interesting trail links the communities of Oxtongue Lake and Dorset. Parking and services are available at both ends of the trail. This year an addition extends the existing trail from the Oxtongue parking lot to the Park Lake parking lot and links this trail to the Park Lake Trail.

Further information is available from the Ministry of Natural Resources, Box 1138, Bracebridge P0B 1C0, (705) 645-5244.

preparations to accommodate the expanded boundary Ridings for the next Provincial Election. The boundaries of Victoria-Haliburton have been amended to take in Manvers Township.

Mr Allan Beer, of Manvers Township attended the Association meeting on January 15th, 1975, and reported that there will be no problem in the change over of Manvers Township Liberals from the riding to the south into Victoria-Haliburton.

Mr Beer is the President of the Liberal Association for the former Provincial Riding of Durham. Mr Walling also pointed out that the Association felt it necessary to have a large meeting hall, such as the Academy Theatre, because of an expected large attendance at the Nominating Convention. It was pointed out at the January 15 meeting of the Victoria-Haliburton Liberal Association that the 1971 Provincial Convention was attended by approximately 600 people.

When asked why so many people were interested in the nomination, Mr Walling stated that there was a general feeling that there is a need for a change of

Government in the Province of Ontario. The Conservative Party has governed the Province since 1943. The Government has developed itself into one large centralized body in Toronto, and appears to be ignoring the interests of many areas of the Province. It is time for a change of Government. It is time for new blood to appear at Queen's Park. It is time for Government to have more interest in people in the Province. The four men who have declared their intention of running for the Victoria-Haliburton Liberal ticket are men who have taken an interest in the political affairs of their Municipality, their Province, and their Country over the years. They are expressing a desire to do something for the Riding of Victoria-Haliburton as well as contributing to the future of this Province.

Mr Walling pointed out that the Nominating Convention will be attended by paid up members of the Victoria-Haliburton Liberal Association. The nomination meeting is an open convention in accordance with the requirements of the Constitution of the Liberal Party in Ontario. The only restriction on persons be-

coming members of the Association is that they must be either paid up members of the Association seventy-two hours prior to the Nomination Convention or they must be immediate past paid up members. With respect to the Victoria-Haliburton Liberal Association, an immediate past paid up member will be a person who took out membership at the June 1973 Annual Meeting, or a person who took out a membership after that date but before October 27th, 1974. These people will be able to renew their memberships up until 8:00 p.m. on March 7th, 1975.

With respect to the prospects for the Liberal Party in Ontario for the next election, Mr Walling stated that he felt that the Liberal Party was going to form the next Provincial Government. With respect to the prospects for the Liberal Party in the Riding of Victoria-Haliburton, Mr Walling stated that he felt that the riding would vote Liberal. He went on to state that his optimism for the outcome of this upcoming Provincial Election is certainly buoyed up by the calibre of the four prospective candidates for the Liberal ticket.

THANK YOU

FROM THE
**KINSMEN
WINTER
CARNIVAL
COMMITTEE**

The general opinion of the purpose of a winter carnival is to enhance the beauty of our winter season, and pursue the sheer joy and fun that belongs to it alone. The beauty of our Haliburton Highlands is there.

Another main ingredient, our winter residents, have a boundless capacity for friendliness and hospitality, and the unique quality of blending their friendliness towards one another, with the heartfelt desire to include our winter guests in this feeling. What made it all worthwhile was the down to earth interest and support, both in spectator and participation type events, that was so outstanding during "The Minden Kinsmen Winter Carnival (1975)". Our winter guests joined hands with the community, showing that they too love this winter wonderland, called "The Highlands of Haliburton."

The Kinsmen Club of Minden take no laurels for themselves, the thanks goes to the community, both summer and winter who through their support and participation, made this WINTER CARNIVAL a success.

It's income tax time again

Once again it's income tax filing time and for many Ontario residents it's time to claim their 1974 Ontario Tax Credits.

"The Ontario Tax Credit System is a program designed to contribute greater fairness to Provincial and Municipal taxation," Arthur Meen, Minister of Revenue, commented this morning. "OTC, as we call it, relates tax credits to an individual's ability to pay taxes. This year we expect to return about \$375 million dollars to Ontario taxpayers by means of this system of tax credits. That's about \$75 million more than last year," the Revenue Minister noted.

The Ontario Tax Credit System (OTC) consists of three credits:

1. PROPERTY TAX CREDIT - This credit may be claimed by most homeowners, tenants, ro-

omers and boarders.

2. SALES TAX CREDIT - any Ontario tax filer over age 16 on December 31, 1974, may claim this credit if he or she is not claimed as a dependent on the income tax return of any other Ontario resident.

3. PENSIONER TAX CREDIT - most residents 65 years of age and older can claim this credit which amounts to \$110 for a married couple and the same for a single person.

In order to claim Ontario Tax Credits, an Ontario resident must file the federal income tax return, even if the individual has no taxable income. The Ontario Tax Credit form is attached to a Federal Income Tax Return and both forms must be completed and mailed together, in the pre-addressed envelope provided, to the Federal Government's Taxation Data Centre in Ottawa.

The Ontario Tax Credit form is simple to complete

and the calculations required are not difficult. When a person has determined those credits for which he qualifies, he adds them up and deducts two per cent of his taxable income from that total to arrive at his net Ontario Tax Credits.

"If people have questions about Ontario Tax Credits, I urge them to call us. Last year, my staff answered over 40,000 inquiries and the same service is available this year," Mr Meen said.

Outside Metropolitan Toronto, the Tax Credit information centre at the Ministry of Revenue can be reached free-of-charge by dialing "0" and asking the operator for Zenith 8-2000. In the Metropolitan Toronto local calling area, the number is 965-8470. Letters should be addressed to: Guaranteed Income and Tax Credit Branch, Ministry of Revenue, Queen's Park, Toronto, Ontario M7A 2G1.

For further information: Mrs E. Jordan: 965-8480.

Park Lake Trail

Park Lake Trail - 8 miles
This trail runs through scenic mature stands of hardwood and lowland forest, providing access to a number of lakes, and connects with the Tall Pines Snowmobile Trail. A recent extension from the Oxtongue Lake parking lot to the Park Lake Trail parking lot links these two trails to provide additional facilities for snowmobilers.

Access to this trail is obtained from a parking lot adjacent to Highway 60 approximately 8 miles east of the junction of Highway 60 and Highway 35.

Dairy of an unborn child

October 5: Today my life began. My parents do not know it yet. I am as small as the pollen of a flower, but it is I already. I will be a girl. I will have blonde hair and blue eyes. Nearly everything is settled.

October 19: I have grown a little, but I am still too small to do anything for myself. My mother does almost everything for me, though she still does not know that she is carrying me under her heart. But, is it true that I am not yet a real person? - that of the two of

us only my mother exists? I AM a real person, just as a small crumb of bread is still real bread. My mother is, and I am.

October 23: My mouth is just now beginning to open. Just think - in a year or so I'll be laughing; and later I'll start to talk. My first word will be "Mama."

October 25: Today my heart began to beat. It will beat softly for the rest of my life, never stopping. After many years it will tire, it will stop, and then I shall die.

November 2: I am growing continually. My arms and legs are taking shape, but I must wait a long time before these tiny legs will raise me to my mother's arms - before these little arms will be able to conquer the earth and befriend people.

November 12: Tiny fingers are beginning to form on my hands. How small they are: One day I'll stroke my mother's hair to my mouth and she'll say, "Oh, dirty!"

November 20: Only today the doctor told my mother that I am living here under her heart. How happy she must be! Are you happy mother?

November 25: My mother and father are probably thinking about a name for me. And they don't even know that I am a little girl, so they are probably calling

me "Andy" But I want to be called Barbara. I am growing so big!

December 10: My hair is growing, it is as bright and shiny as the sun. I wonder what kind of hair my mother has?

December 13: I am almost able to see, though it is night around me. When my mother brings me into the world, it will be full of sunshine and overflowing with flowers. I have never seen a flower, you know; but more than anything, I want to see my mother. How do you look, Mother?

December 24: I wonder if my mother hears the delicate beat of my heart? Some children are born with sickly hearts, but my heart is healthy. It beats so evenly. You shall have a healthy daughter, Mother.

December 28: Today, my mother killed me!

Restricted area ordered

The Honorable Leo Bernier, Minister of Natural Resources, has announced that effective January 1, 1975, a restricted area order under section 17 of the Public Lands Act has been placed on the Georgian Bay shoreline and islands in areas without municipal organization.

The lands covered by the order comprise all islands and waterfront areas on Georgian Bay from Key Harbour southerly, including the unsurveyed lands west of Mowat Township within the Ministry of Natural Resources' Parry Sound Administrative District, the unorganized Townships of Henvey, Harrison, Wallbridge, Shawanaga, Conger and Cowper to a distance of 1000 feet inland from the shoreline, excluding the communities of Britt, Byng Inlet and Pointe au Baril. Within this restricted area, no buildings shall be erected on any land without the authority of an improvement permit issued by the District Manager, Ministry of Natural Resources, Parry Sound.

In announcing this order, the Minister has indicated that this is intended to be in interim development control

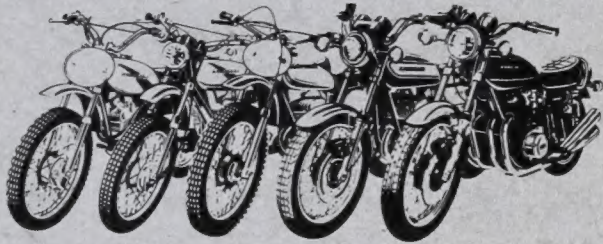

measure, until such time as an official plan has been prepared for the Parry Sound District.

This order is in response to the numerous requests made by interested residents who are concerned with the present uncontrolled development that is occurring, and the Province's recognition of unique recreational resources which the Georgian Bay environment provides.

Such an order is in the interest of all residents, both permanent and seasonal, in that it regulates the type of use permissible on a given parcel of land, thus giving a resident assurance that development will occur in an orderly manner. This designation is not intended to stop development that is in accordance with the guidelines set out in the order.

An interim plan has been prepared by Ministry staff, in co-operation with the residents, which identifies both opportunities and constraints to development within the restricted area. The plan's objective is to guide development to the most suitable sites in the interest of health, safety, environmental protection of present and future users.

Buying and borrowing can sometimes cause problems.

This is what Ontario is doing to protect you.

There are basic common sense rules for buying and selling. Unfortunately, people don't always know these rules or follow them, and that allows unscrupulous sellers to take advantage of people.

Common sense is your best defence. But you have another defender, too. Two pieces of legislation have been passed by your Ontario Government in order to help you.

The Consumer Protection Act is designed to protect you from problems that may arise when you buy goods or services, or borrow money. It is administered by the Consumer Protection Bureau, which also handles complaints and inquiries about questionable business practices, and it controls:

- registration of itinerant sellers (i.e., door-to-door salesmen)
- contracts over \$50 where delivery of goods, services or payment has not been completed
- full disclosure of credit terms
- special discounts for getting friends to buy (referral selling)
- unsolicited goods (including unsolicited credit cards)
- false or misleading advertising
- penalties for offences

The Consumer Reporting Act is another law designed to protect you. It gives you the right to know what credit and personal information about you is on file with companies, and an opportunity to have inaccuracies corrected, and prohibits consumer reporting agencies from using information unless it is stored in Canada. According to this Act, you are entitled to request in writing that the contents of your file and the sources of information be disclosed to you.

Your Ontario Government has also prepared two easy-to-understand booklets that describe the Consumer Protection Act and the Consumer Reporting Act. The booklets explain these two important Ontario laws more fully.

If you would like copies, write to:

Safety Seminar

At the Haliburton Highlands Secondary School on Thursday, January 23, 1975, most of the school bus drivers for Haliburton County received instruction in safety procedures.

The panel consisted of Leonard Salvatori, Chairman of Transportation Committee for the Haliburton County Board of Education, Gordon Sharpless Transportation Supervisor for the Haliburton County Board of Education, Gerald Stock, owner of LaRue Bus Lines Limited, Blake Williams, Safety Officer for Travelways Limited, Const. Wim Magee, O.P.P. Safety Officer for Haliburton County and Stuart Baker, Principal of the Archie Stouffer Elementary School, Minden.

Evidence was given at this meeting that school buses are the safest vehicle on our highways today. Last year in Ontario there were three fatalities connected with school buses and they were not passengers at the time of their death. For example - a child ran into the path of a bus. The government is now setting standards for bus construction resulting in constantly improved safety features. Since 1972 all new buses must have two complete braking systems.

Most of the speakers on the panel emphasized that it is very important that parents of children riding buses co-operate with the bus driver and the school authorities in order to maintain discipline. The biggest problem with school

busing is children who will not sit in their seats and behave themselves and constantly cause distractions for the driver. The Director of Education stated very definitely to the drivers present that if students will not behave on school buses they are to be taken to their school principal and maybe the privilege of riding on a school bus will be taken from them until they are willing to behave. If this happened, the students would still be required to attend school and it would become the responsibility of the parents to provide the transportation.

Mr Gerald Stock presented to the Haliburton County Board of Education a school bus safety film which was made by his company. A discussion period followed the showing of this film.

It is the intention of the members of the Haliburton County Board of Education to have this film shown in the schools as well as to hold evening meetings for parents throughout the County. The first of these meetings will be held on Monday, February 24, 1975 in the Archie Stouffer Elementary School, Minden. It will commence at 8:00 p.m. and will be 1½ hours in length.

Bursaries awarded

Sixteen full-time day students at Sir Sandford Fleming College have been awarded bursaries totalling \$5,250 from a fund provided by Peterborough industries and labour unions.

Bell Canada Ltd. joined the list of contributors for this year, which also includes DeLaval, Ethicon Sutures, Fisher Gauge, Outboard Marine, the Peterborough Labour Council, Quaker Oats, and Sargent Hardware.

Over 45 applications were reviewed by the College bursary committee. Final selection was based on financial need, but other factors were considered also, including possible alternate financial sources open to individual students and reasons for financial

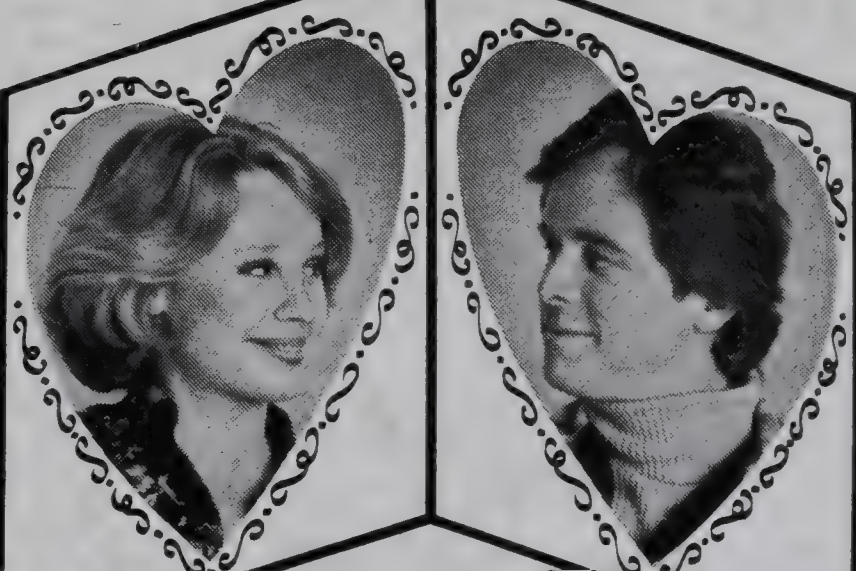

difficulty, according to College financial aids officer Mary Parcels.

Amounts received by the 16 successful applicants ranged from \$200 to \$750.

Miss Parcels said the bursaries are given early in the year to help students complete their current semester.

"Without this type of assistance, most recipients would have to drop out of college in spite of adequate academic performance", she said.

The fund was started by former Nashua Canada president Carl Hines while on the College board of governors, with the assistance of Canadian Labour Congress representative Henry Nokes, who retired recently from the board.

News from Minden

There will be a Party on February 15 at the Hyland Crest Senior Citizens Home to celebrate the 90th birthday of William Deacon. Congratulations to this Senior Citizen.

Elaine and Wayne Anderson and Elinor and Jim

Haliburton Personals

Mr Paul Dawson, who is attending Western University, was a recent visitor with his parents, Mr and Mrs Cliff Dawson.

Nila Reynolds was a recent visitor to Haliburton.

We are glad to report that Mrs Rose Carnochan has returned home following surgery at the Toronto General Hospital.

Mr and Mrs Ken Jackson, Mr and Mrs Don Lloyd and Mr and Mrs Ken Wilson have returned home following a vacation in Las Vegas.

Mr and Mrs Dale Lee were recent visitors to Haliburton.

Art Dawson and Bob Nicol Jr., were recent visitors to London, Ontario.

Tenders needed

Tenders were advertised for the Ministry of Community and Social Services on January 29, and 31 for the rewiring of the infirmary at the Ontario Camp Leadership Centre, Bark Lake, Irondale, Ontario. The estimated completion date is March 31, 1975.

CLASSIFIED ADS

ALWAYS WORK

Burke are away enjoying a holiday at Tampa Florida.

Mrs Beaucage of Toronto has been visiting with her daughter Yvonne and girls.

At the weekly Mini Card Party last Thursday afternoon at the Parish Hall winners were for cribbage, Cora Hewitt and Diane Stevens; for bridge, Mavis Noice and for euchre, Nora Briggs, Nellie Graham and lone hands, Eleanor Walker.

Shannon Kimble had one of the 22 Dental Health Posters at Lindsay Library and she won second on her entry, Terri Garbutt of Mariposa Public School won first and Nancy Shipley of Haliburton Sr. Elementary School was third. These are to be seen at the above library so if you are in Lindsay drop in and see the

display.

There was a lucky youngster last Wednesday night when a live Hydro wire was on the ground. On touching the insulator he received only a burn on his finger when he might easily have received a fatal shock. Everyone should remember that "Live Wires" are dangerous and the Hydro Office nearest you should be notified at once.

Several lucky people at Rotary Bingo last Thursday night. Art Young won the Jackpot of \$250 in 57 numbers; the first snowball of \$43 was won by Mrs Jim Campbell in 17 numbers and the second snowball of \$75 was split by Ruth Alton and John McNeill in 19 numbers. Congratulations to all these people.

West Guilford news

The Tuesday Night Bowling League held a Euchre Party, at the Centre, on February 6. There were eleven tables played. Winners were, Ladies High, Annie Jones, Ladies Low, Gail Metcalfe; Mens High, Jack Henderson; Mens Low, Leon Jones, (on a draw); Lone Hands, George Jones; Door Prize, Joy Fielding. Afterwards the ladies served a delicious lunch and everyone enjoyed the social time.

Mr and Mrs Jim Stark of Toronto, spent the weekend with Mr and Mrs George

Jones.

Get well wishes are sent to Mrs Gordon Hamilton, and Mr Bill Symonds, who are presently in the hospital in Peterborough.

Mrs Ellen Mulholland, and Mrs Violet Smith, were business visitors in Peterborough last week.

Congratulations to Mr and Mrs Murray Cooper, on the birth of their twin daughters, last week.

Visiting with Mrs Marion Johnston on the weekend, were Mr and Mrs George Johnston and Tammy of

Oshawa, Miss Linda Johnston, and Mr Nelson Johnston, of Toronto.

Mr and Mrs Donald Boland, had Donnie, Paul and David, of Peterborough visiting with them, last week.

The Teen Dance, at the Centre, last Friday night, had a good turn out of young people, from this community.

There are still some tickets available, for the Valentine Dance, on February 15. Phone 754-2928.

Mr Dalton Mitchell of Toronto, is presently vacationing at his cottage, on Cameron Lake.

Mr Keith Sheridan of Downsview, and Mr and Mrs Murray Scott of Huntsville, visited with Mr and Mrs Keith Sisson, on the weekend.

Mr and Mrs Bill Sims, and Ernie, visited with Lori and Bryan McKay, of Plantagenet, for a few days last week. They also visited in Ottawa, and Montreal.

Carnarvon news

Mrs William McKay had her mother Mrs Darling of Toronto for a few days.

Blair Corcoran of Ottawa (Allison Chamber's fiancée) is visiting for a few days with Allison's family.

Mr and Mrs Ross Hussey was visiting with Mrs Hussey over the weekend.

Mrs Clayton Rogers is visiting with her sister-in-law in Lindsay this week.

We had a wonderful weekend for our Winter Carnival, nice and sunny and a little cool, but it was wonderful to see all the folks who came up for this event.

A Turkey dinner was served in the Carnarvon United C.E. Bldg. in connection with the Carnival, and we had a capacity crowd, we noticed some of our summer friends came up for it.

Tom Harrison had a number of friends for the weekend Colin Russel was up, and Patricia Gorrie and friend Betsy Cotton from Kingston.

Quite a number of our snowmobile folks joined in the "Snoworama" on Sunday, in aid of "Whipper Billy

Watson's" Children's fund.

We are pleased to report that Mrs Young is now home again after spending some time in the hospital in Peterborough, and Mrs Cecil Irwin is getting around again after her sickness. We wish them both a speedy recovery.

IN THE MATTER OF THE MUNICIPAL ACT AND IN THE MATTER OF A PROPOSED BY-LAW OF THE MUNICIPALITY OF DYSART ET AL TO CLOSE THAT PORTION OF THE ORIGINAL ROAD ALLOWANCE BETWEEN CONCESSIONS SEVEN AND EIGHT, THROUGH LOT 26, IN THE TOWNSHIP OF DYSART.

NOTICE IS HEREBY GIVEN, pursuant to Chap. 284 Sec. 443 of the Municipal Act, that the Township Council of the Municipality of Dysart et al proposes to consider and if deemed advisable, to pass at its regular meeting to be held at the Council Chambers, Haliburton, Ontario, on Monday, March 3rd 1975 a By-Law to Stop Up and Close the following:

That portion of the original road allowance between Concessions Seven and Eight, through Lot 26, RD Plan in the Township of Dysart, all of which portion to be closed is outlined in red on a Plan of Survey made by H.C. Bishop, O.L.S. dated July 24th. 1961 attached to and forming part of this By-Law be closed and stopped up.

AND TAKE FURTHER NOTICE that before passing the said By-Law at its meeting to be held at the time and place above mentioned the Township Council of the Municipality of Dysart et al shall then and there hear in person, or by his Counsel, Solicitor or Agent, any person who claims that his land will be affected by the said By-Law and who applies to be heard.

DATED AT HALIBURTON this 20th day of January 1975.

Wayne B. Wood, Clerk

United Church Women meet

Rev. S. Lucyk, Chalmers St. United Church, Kingston, was the guest speaker for the United Church Women's 13th annual Presbyterian held in Fenelon Falls United Church on January 28.

He was very capably introduced by Mrs. G. Stewart of Brechin.

The subject of his addresses was picked up from the Theme of the Presbyterian "Who knoweth whether Thou art cometh the Kingdom for such a time as this". Esther 4:14, "Such a Time As This" - In The World - The United Nations Proclamation of 1975 as "International Women's Year".

The Old Testament pictures God as a male, but that which belongs to womanhood is not alien to God. In Genesis 3, sinning man will not recognize woman as his equal. The evil is possible but that is not an excuse to give in to it. Jesus was a feminist and treated woman in her own right. After the resurrection Jesus appeared first to woman. Luke tells the story of a woman in a crowd who was greatly moved by Jesus teachings; also He was the Liberator and Champion of Women. The Spirit of the Lord is

upon me because He has set upon me to obliterate the oppressed.

His second address was again taken from "Such a Time as This", In the Church - The World Council of Churches, Nairobi, Kenya 1976, Theme: "Jesus Christ Frees and Unites". Jesus name means Salvation and salvation in Hebrew means to be wide, denoting spaciousness which leads to a total well being. Spaciousness involves fertility in the earth which frees us from famine and it also means security, wholeness of life. The World Council of Churches thinks of Christ in three parts, Christ the Liberator, God's Salvation was not only personal but economic and political life of the people. Political Relations to man and Christians to decide between the lesser of two evils and Salvation in a sense of spaciousness that will allow for growth will be revolutionary. Salvation and spaciousness has to do with the whole creative order. There is a bond between plant and people. Jesus Christ frees and unites. He is the liberator.

He was most graciously thanked for his addresses by Mrs. W. English.

Another speaker of much

interest was Mrs. M. Fallis of Peterborough, who gave us insights on the proposed Church Union. This is to be a uniting church and she urged everyone to study the book, Plan of Union, which was drafted in 1973 and all the churches are asked to recommit themselves at this time on the Plan of Union.

All the past U.C.W. Presidents were present and Mrs. Murray, the first one, spoke briefly and left this thought, "Look forward and give courage, Look back and give thanks." Mrs. Whetham Conference President spoke and told a story, How to be your own best friend. Each of us must have a fire in our hearts to direct us. She also paid tribute to Dr. Harriet Christie, who had been secretary of Church Development at United Church headquarters, and had recently passed away.

The Worship Service was based on the Theme of the meeting and the book of Esther. Mrs. Ferguson of Powles Corners conducted a Memorial Service in memory of those who had passed away during the year. Following the offering Mrs. Wellman gave a regume of the Great Celebration which

WINTER FUN FOR EVERYONE

Gems of Truth

ACCURATE READING

The reading of the Scriptures by the Lord Jesus in the synagogue service of His home town in Nazareth is filled with great spiritual insight. It is recorded in Luke chapter 4: verses 16-21 that Jesus was the reader of the Scripture lesson for that worship service and that He made the choice of the lesson from Isaiah chapter 61: verses 1-2. Herein is a picture of the day the Messiah would commence His earthly ministry and the Lord Jesus made the claim of being that long awaited and promised One, the Messiah.

However, He only read the first part of the second verse and then deliberately closed the Book and sat

down. The "acceptable year of the Lord" had indeed arrived, but what about the "day of vengeance of our God" which this verse also contains? In dividing this verse two of Isaiah 61, the whole content of God's dealing with mankind rests. The acceptable year had arrived and that "Day of Grace" is still among us, but for how much longer only the "signs of the times" give any hint. There is another day coming, the "Day of Vengeance of our God", and who is anxious to meet that day?

The Lord divided these two days and that is what we must do if we are not to join together and thus confuse and destroy that which God has separated

and distinguished. Many will insist on keeping the "Book" open where Jesus closed it and refuse to learn the lesson here so emphatically taught and enforced by Jehovah God Himself.

As to the "acceptable year of our Lord" the Lord Jesus could and did say "This day is this Scripture fulfilled in your ears" (Luke 4:21). But He could not have said it if He had read the full sentence, "and the day of vengeance of our God". Had he done so, there would have been no "Church" age where the "day of Grace" is lingering, and where sinners can still find forgiveness and acceptance into the "family of God". These are still days where the Lord Jesus Christ

says "the Son of Man is come to seek and to save that which was lost". (Luke 19:10).

The lessons to be learned by the actions of the Lord Jesus in the reading of the Scriptures should be evident to all who seek to know and do His will. The people in the synagogue understood the message well. None had gone to sleep while He preached. When He laid claim to the Jehovistic "I am" of being the Messiah, the tide of applause turned to resentment, then anger and rejection. The Son of Joseph was crossing their own interpretation of Holy Writ. The admirers had not yet learned the lesson that the Lord Jesus was the One who had given that Scripture to Isaiah and therefore was it's rightful interpreter.

His example should encourage true Christians to test their views and doctrines by the Word of God in its original setting and meaning. Translators can change that word to suit their own reasoning, but the "Day of Vengeance" will be the final day of reckoning for all who do so and teach the same. Jesus' example teaches us to give special heed to the Holy Scriptures in their untampered form. His words to the "tempter" was "it is written". (Luke 4:1-12).

Bible Quiz answer

Answer to the question, "What woman was eaten by dogs?" It was Jezebel, 2 Kings 9:35-36. Question: What is the shortest chapter in the Bible? Answer next week.

United Church Women meet

is to be held at Conference on May 25 in Peterborough Memorial Centre in commemoration of the 50th Anniversary of the United Church. This will take form of a parade and then a service with a choir made up from the choirs of the Bay of Quinte Conference, and distinguished speakers.

Mrs Wetham conducted

the election and installation of the officers for 1975, as presented by Mrs Fielder, chairman of the nominating committee. An invitation was extended to meet in Beaverton in 1976 and Rev. R. Boehme pronounced the benediction. Past President, Mrs. A. Gilles, Cameron; President, Mrs B. Roeske, Burnt River; Vice-Presi-

dent, Mrs G. Gilson, Little Britain; Mrs G. Stewart, Brechin; Mrs W. English, Cannington. Recording Secretary, Mrs E. Graham, Fenelon Falls; Corresponding Secretary, Mrs R. Hopking, Fenelon Falls; Treasurer, Mrs. J. Coburn, Fenelon Falls; Program Secretary, Mrs G. Earle, Tory Hill; Community Friendship, Citizenship, Mrs C. Brown, Lochlin; Literature Secretary, Mrs G. Gilson, Little Britain; Missionary Education and Stewardship, Mrs A. Cameron, Sunderland; Supply and Welfare, Mrs W. Jackson, Reaboro; Press and Publicity, Mrs C. Hadden, Blackwater.

Dinner at St. Paul's Hall

Great Chapter Members of Anglican Parishes of Victoria and Haliburton Counties enjoyed a delicious dinner at St Paul's Parish Hall on January 29 with the meal catered by the A.C.W.

A meeting followed.

Captain and Mrs Bob Davidson, Michael and Tracy of Ottawa and Paul Davidson of Thornbury spent the weekend with Mr and Mrs George Davidson.

O.P.P. report six percent increase in car accidents

Commissioner H.H. Graham of the Ontario Provincial Police announces that although the total number of motor vehicle collisions within OPP jurisdiction increased by six per cent to about 76,000 in 1974, there was a marked reduction in injuries and fatalities compared with 1973.

Fatal accidents were reduced by seven per cent

and personal injury accidents by ten per cent despite the fact that there were more licensed drivers on Ontario's highways.

Commissioner Graham said, "the Ontario Provincial Police has always strived to reduce the number of traffic deaths and injuries and it is gratifying to see such a definite improvement."

Visit to Scotland

By S. Armstrong Goff

Having visited the Isle of Skye by bus from Glasgow we decided to try the trains and we did find them very acceptable. Though the coaches were not as clean as we expected they were cheap, on time and frequent.

Since my wife's ancestors came from the village of Kingussie (pronounced kin you see) and since yours truly was determined to visit Stirling Castle we took the train from Inverness to Stirling and stopped over at Kingussie which was right on our route. One of the beautiful things about the British Railways is that between large centres the trains run frequently - often on the hour every hour - which meant we could spend a few hours at any station along the route and still book into the Terraces at Stirling as we had arranged.

Inverness is one of the major commercial and tourist centres of Scotland, nestling along the southern tip of the Moray Firth. We visited the Castle where we took a few pictures but were limited because of the direction of the sun and the frequent sudden showers of warm rain. The Castle is now used for Police Administration but in the park in front of it one cannot miss the huge monument in memory of Flora MacDonald who is a national heroine.

From Inverness we took the train to Kingussie. This was a beautiful village near the Grampian Range and the River Spey and is famous for fishing and hunting. Here we had a demonstration of that traditional Scottish hospitality. My wife's grandfather had his home in the village in the early part of this century and when we enquired from the neighbours they told us where to find the home and one of the nephews took us there. We were also directed to an old graveyard where we found an old tombstone with her greatgrandfather's name. Alas the ancient graveyard, surrounded by a stone wall and surmounted by an iron fence, also sported a great shaggy ram with huge curving horns. We don't know why he was there - probably to mow the grass. In any event, he was curious to know why we were there. My wife thought it would keep him occupied if she gave him a cookie. But the old boy saw where the cookie came from and began to insist on more from the same source. You don't argue in a situation like that. Unfortunately she had no more cookies but the ram

didn't know that. I hurriedly began to scribble down the details from the tombstone and called to her to slowly back down and out past the iron gate. I believe I was more scared than she was since I visualized the ram becoming rough. However my wife made her escape and closed the big iron gate. The ram went back to the grass with no further incident.

We enjoyed one of our trip's best meals in Kingussie. The village is on one side of the railway track and the station boarding platform on the other side. To navigate from one side to the other one climbs a long stairway to a bridge over the rails and down again to the other level.

Stirling Castle was our next objective. This is the most famous Castle among many in Scotland. It is the ancestral seat of the Scottish Kings. Mary Queen of Scots as the last monarch crowned there where she held her first parliament. Later of course she moved her capital to Edinburgh. Mary had one son who became James VI of Scotland and James I of England. The crowns of Scotland and England were thus united in one monarch. This is the James who authorized the King James Version of the Bible. For the first time in history the Bible became available to the public.

But to return to Stirling Castle. This is really a small compact village perched on a high rock and accessible only from one side and therefore a very strong fortress. Inside the stone wall surrounding it everything necessary to maintain a long siege was included - the bakery, food stores, guard room, jeweller, prisons, stables, parliament building, chapel, King's rooms, Queen's rooms, deep well cut through rock, and all surmounted by a parapet with cannons mounted. A short distance away are the statues of Robert the Bruce and William Wallace.

Edinburgh was our next stop. It is certainly well worth exploring. It's a majestic and clean city. It also boasts a Castle built on a rock but also has in addition a Palace about a mile farther on. The route from Castle to Palace traverses what is called the Royal Mile. One passes many small shops and the famous St. Giles Cathedral where John Knox preached. This is a massive structure with granite pillars that you can't get your arms around.

Cottage owners news

During the past two years in these letters emphasis has been placed on two things - information and involvement of the cottagers in the affairs of cottage country. Your council is keeping you informed, but each member of your association should be informed. A news letter from you to them two or three times a year would be in order. How about it?

As for involvement, it is interesting to note that 250 cottagers in Stanhope voted, most of them, at the advance poll. Three, new, local residents, all supported by the cottagers, were elected. Remember, cottagers are not just summer visitors. They are residents, they have a stake in their community and through their taxes make a substantial contribution to these communities.

Recreation Property, a copy of which has been sent to you is working closely with your council. It represents cottagers and speaks for them. Support it and get as many of your cottagers as possible to support it. "Clout", is the word and cottagers need all they can get.

The latests news concerning the Dysart Official Plan is that it is not a plan at all. In fact it may go belly-up. The municipal council is hesitating to accept additional amendments and at the same time contending that two sub-division plans - Haliburton and Moose Lakes conform to a plan that only

exists on paper. All of which is most unfortunate. Dysart should have an official plan. An example of what the plan might achieve is an amendment approved last Fall - namely that an Input Study be done before any development on any lake. Although this appears elementary, it has never been done. The authority inherent in an official plan would make such a move mandatory.

At the annual meeting

Winter problems

Recent un-wintery weather may be the cause of some problems for outdoor sportsmen. A recent wind-storm has caused a number of ice fishing huts to be moved as much as one mile from their previous locations on Lake Scugog. In some cases, the huts are now much closer to the mouth of the Scugog River, where currents may have caused the ice to become thinner than normal. The recent warm weather may also have contributed to thinner ice conditions by raising water temperatures a degree or two, causing further melting of the ice from below.

Persons walking or snowmobiling on area lakes are advised to be alert for holes left by ice fishermen who have moved their huts, or

volunteers to man our committees were asked for. Many volunteered. They will be assigned and notified. However, one final request! Be sure your association has a pollution control group. We will be doing our lake surveys again this year. It is most important that every lake be represented. This year we should have good co-operation from the government. We will be working with only one ministry - Environment - instead of two.

whose huts were removed by high winds. Some of the holes in the ice may be camouflaged by drifted snow, and persons walking on the ice could perhaps fall through the holes, or motorized snow vehicles could be upset by driving across the open holes, with personal injury to the driver or mechanical damage to the snow machine being possible results.

Ice fishermen are reminded that it is an offence under the Public Lands Act to leave ice fishing huts or any other things upon public lands without permission, whether or not the public land is covered by water or ice. In addition according to the regulations of the Game and Fish Act, ice fishing huts are to be removed by March 31.

Can IDB help you?

Birth

Mr and Mrs Thomas Pallister, formerly of Flamingo Cottages, Haliburton would like to announce the birth of their first son Thomas Eric Jr. born December 6, 1974 at 5 a.m. at the Doctors Hospital, Toronto. Weighing 5 lbs. 14 oz. Son of Thomas and Debbie.

COOPER - Murray and Zella (Sisson) are proud to announce the arrival of their twin girls, born February 3rd, 1975, Tina Marie, 7 lbs. 10 1/2 oz. and Toni Evelyn, 6 lbs. 11 1/2 oz. Two wee sisters for Karen. Thanks go to Dr. Limpitlaw of Minden and Dr. Butt and nursing staff of Peterborough Civic Hospital

Engagements

Mrs C. Schroter of Eagle Lake, widow of the late Clifford Schroter and Mr and Mrs Norman Duncan of Willowdale, Ontario are pleased to announce the engagement of their daughter and son, Candice Susan Schroter and David Kenneth Duncan. Marriage to take place in June.

In Memorium

MCPHAIL - In loving memory of Delbert Wilson, who was called home on February 17, 1971.

Resting where no shadows fall
In peaceful sleep, he awaits us all,
God will link the golden chain
When one by one we meet again.
Remembered always by wife, Frances and Family.

Notice

BEAVER LUMBER Beaver Home Centre, Lindsay, has a free delivery service in your area. Our route is on Friday's. Please phone by Tuesday for a Friday delivery for all in stock items. Phone 324-3516 & 324-3517.

In Memoriam

GRAHAM - In loving memory of a dear husband, father and grandfather, Jacob, who passed away February 6, 1972. A few more steps along life's road, Perhaps a few more years, Then by God's grace we'll meet again, Beyond the vale of tears. Always remembered by wife, Mary and family.

RUTT - In loving memory of a dear mother and grandmother, Cecilia, who passed away suddenly February 16, 1974.

So many things have happened
Since you were called away.
So many things to share with you
Had you been left to stay.
Every day in some small way
Memories of you come our way.
Though silent, you are ever near,
Still missed, loved, always dear.
Lovingly remembered by daughter Marion, son-in-law Cec and grandchildren, Bryan, Jim, Barbara and Jeff.

Thank-You

I wish to take this opportunity to say "Thank You" to relatives, friends and neighbours for the many kindnesses shown me while I was a patient in Civic Hospital, Peterborough and also since coming home. May I use the following poem to express my sincere words of gratitude.
Thank God for friends
attuned to God
Who quickly come to share
With words of cheer and
Prayers of faith
The burdens that we bear.
How sweet to hear the voice of friends
As clouds around us roll;
Their pleasant words like
honey comb,
Are sweetness to the soul.
Norma Noble.

I would like to thank all my friends and relatives for cards, letters and get well wishes. Also, a thank you to Dr. Good and Dr. Medcalf. A special thanks to Dr. Johnson who performed my operation. I also want to thank the nursing staff on the 4th floor of St. Josephs Hospital for care and kindness shown me while I was a patient there. Harold Bowen.

Inspirational cassette-tapes by famous Bible Scholars such as David Duplessis, Dennis Bennett, Corrie ten Boom, Kathryn Kuhlman and many others.

HOW TO MAKE MONEY and beat inflation

Most people are too busy trying to keep up with inflation to stop and think about rising above it. But the only way you'll ever beat it is by making so much money that inflation can't touch you.

I'LL SHOW YOU EXACTLY HOW TO GET RICH

I have proved that success can be achieved in a brief period if a person knows how. I'll tell you precisely how to start making money from nothing. I'll then tell you exactly what to do with that money, to make more money ... and more ... and more until you are wealthier than you ever thought possible. And do a lot less work that you're doing now.

CAN'T BE DONE? YES IT CAN - I'VE DONE IT

Now I live in a luxurious home in the heart of London that's worth over \$300,000, with a Rolls Royce Corniche parked outside. All paid for. I have plenty of time to spend with my family enjoying long vacations at our fabulous villa on the French Riviera and picturesque mountain retreat in Switzerland. I have influence, prestige, cash in the bank. If you have the belief to absorb my principles and take action on them, you can be in the same position - in a very short space of time. It doesn't require talent, youth or experience. One woman I worked with in Germany is over 70. She's travelled the world over, making all the money she needs, doing only what I taught her. A widow in London has been averaging \$100,000 a year for the past 3 years, using my methods.

YOUR INTRODUCTION TO REAL WEALTH

If you're really serious I'm willing to share with you my secrets of success that I have proved can work. Every day my method can bring you more cash. You'll be proudly independent. You can enjoy those luxuries you've always dreamed about, but never could afford. Sounds exciting! You bet it is. What I won't do is to give you this advice for nothing, though. Never give anything away. That's a basic principle. I'll charge you \$50 for your introduction to real wealth - and you can have your money back if, within 6 months, you're not on the way to riches!

OPPORTUNITY IS NOT JUST KNOCKING AT
YOUR DOOR - IT'S ALMOST KNOCKING
YOUR DOOR DOWN

This is the chance you have been
dreaming about ... NOW TAKE IT!

To: E.A. James, 15 Sprimont Place, London SW3, Gt Britain
I enclose \$50 in dollar bills or banker's draft.

Please rush to me your secrets of HOW TO MAKE
MONEY AND BEAT INFLATION
